

Factsheet 1: Booking & Access

About

- PBLabs RZ D8 is a dedicated teaching space for project-based education at the RZ building (Clausiusstrasse 59, 8006 Zürich)
- It is located on the D-Floor and serves as a laboratory and testbed for ETH's future teaching environments.
- The space can host from 20-150 people in different settings (teamwork, gathering, seminar, etc.).

Specifics of PBLabs RZ

PBLabs RZ features the following areas:

- Entrance
 - Welcome area (RZ D011), underneath the gallery
 - Gallery above the entrance/welcome area (RZ D011) is not part of the reservation as only used by UTL-Teams (lecturer/organizers are welcome to work in the space)
- Main teaching space
 - (RZ D8)
 - 200m², up to 12 teams of 8 people
- Overlooking gallery
 - with breakout spaces (RZ D01)
 - 0m², 2 teams of 10 people or 4
 - smaller teams
 - Under the gallery, there is a small open storage area where classes can store their materials temporarily. A few lockable cupboards are available

Booking procedure

- Each semester, there is a public call for **booking** semester courses, block courses, and workshops, with deadlines available on our website
- To reserve the space, you can submit your inquiry by completing the following form on the PbLabs website
- Please note that submitting an application does not guarantee that we can allocate a slot for your format.

Prioritization of Booking

- PBLabs RZ D8 is a teaching space, and teaching activities are always prioritized over workshops, conferences and events.
- more information about the prioritization and assessment of booking requests can be found online

Adjusting and cancelling an existing reservation

- Kindly inform us promptly of any changes or cancellations to allow us to offer the space to another lecturer or class on our waiting list

Netto booking time and added set-up times

- It is important to note that PBLabs typically adds 15 minutes for setting up and 15 min for setting back the room to its standard layout
- If you are planning a more complex format or event, we encourage you to inform us about the need for more setup time upfront. When sending an inquiry, we kindly ask you to specify the net duration of the classes/events

Opening hours and access outside opening hours

- The opening hours for PBLabs RZ D8 during the semester are as follows:
 - Monday to Friday: 07.00–21.00
 - Saturday and Sunday: access granted upon request
- Please keep in mind that if your class or workshop is scheduled outside the building's regular opening hours, you will need an access card (ETH Guest Card) to enter the space
- Kindly, contact us via email: pblabs@ethz.ch one week before the event so we can arrange for you to pick up the card
- Additionally, please avoid blocking the entrance doors outside the opening hours, as this may trigger the alarm and prompt ETH-Security to investigate.

Alternative (teaching) spaces RZ D8

- Spaces at the Campus Zentrum
 - HG E41 – Flexible Auditorium
 - MM C78.1 - Alumni Pavillon
- For general requests about rooms at ETH, connect with AkD. Please note that the booking block for Teaching Rooms – Buchungssperre might still be in place at the time

Factsheet 2: User Guide

About

- PBLabs RZ D8 is a self-run space, therefore we kindly ask you to use the space according to the guidelines and rules in place at ETH Zürich and leave the room in the same condition as you found it.
- After use, please ensure that the space is clean and tidy (garbage/recycling in the designated bins, whiteboards clean) and set up with 8 team spaces and 6 chairs in each team space according to the Basic Layout.
- Additionally, remember to switch off all lights and the screen.

Furniture and equipment available in the space

- Main Space
 - 24 tables (foldable, white)
 - 120 chairs (stackable, green)
 - 6 large whiteboards (2-sided, on wheels)

- 2 whiteboards (black stands with wheels, boards can be removed)
- 1 whiteboard (pyramid-shaped, grey felt borders)
- 4 Flipcharts
- 10 Pin walls (ETH standard wooden pin walls)
- 24 Memox cubes
- 2 bigger tables (not on wheels, usually used for catering)
- System of curtains to divide the space into smaller team settings
- Modern LED lighting with 6 pre-set programs for different settings.
- Projector (standard ETH, mounted on the ceiling)
- A/V System (1 headset mic, 1 handheld mic)
- Camera for streaming
- 5 Monitors (22", HDMI/USBC)
- Gallery/Breakout Spaces RZ-D01
 - 6 tables (classic ETH, not stackable, not on wheels)
 - 20 office chairs

Visiting and testing the space before your format

- It is highly recommended to familiarize yourself with PBLabs spaces before your first class.
- The rooms are open and can be viewed at any time, unless an event is taking place. Please feel free to contact us via email at pblabs@ethz.ch if you have any questions or would like to schedule a viewing appointment
- During the semester, we offer several trainings and events to support the teaching community around project-based education (PBE)
- For any questions about PBE, reach out to the PBLabs team at pblabs@ethz.ch or directly to one of the team members.

Ordering additional furniture and equipment

- For ordering additional furniture, please contact the ETH Logistics Helpcenter (certain conditions apply) directly.
- If you require additional devices beyond those provided in the space, you can request additional equipment from the ETH MMT Shop. Make sure to inquire and order well ahead of your format to ensure you can get the desired equipment on time.
- You are also welcome to bring your own devices or equipment that you typically use

Temporary storage

- Under the gallery, there is a small storage area where classes can store their materials temporarily. It's important to note that the storage area is open, so please ensure to clearly mark all belongings and refrain from leaving valuables (e.g. prototypes, devices) in this area.
- Additionally, a few lockable cupboards are available.

Catering

- Within ETH, there are a variety of options and providers that offer catering services. PBLabs
- RZ D8 can accommodate formats with catering. We typically recommend using SV as they are familiar with the venue and have organized numerous catering events in the space.
- However, feel free to book and utilize your preferred catering provider.
- Contact email for SV Catering: catering.polyterrasse@sv-group.ch

Permit

- For certain events, ETH still requires a permit. You can apply for the permit through Servix: www.servix.ethz.ch
- When creating the “Application Request” it is important to mention the PBLabs Factsheets
- venue: PBLabs RZ D8 Clausiusstrasse 59, 8006 Zürich
- Note: The earlier an application is submitted, the better. Last minute requests cannot be guaranteed. Please see the current processing time for an application. The more detail you provide in the application request, the easier it is for them to decide.
- Find out if you need a permit for your event at RZ: ETH permit information

Factsheet 3: Streaming and Recording

About

- PBLabs RZ D8 offers a camera and microphones that allow for the streaming and recording of sessions via Zoom. Please note that the system is optimized for streaming and recording of input session or keynotes including Q&As. It is only partially suitable for collaborative activities. For this we suggest to rent alternative video conferencing systems from the MMT rental services for A/V-equipment at ETH Zentrum

Camera

- The camera is mounted next to the beamer at the ceiling and covers the projection/speaker area.
- Alternatively it can be rotated to the left or right to capture part of the audience.
- Select Camera in Zoom: The camera is called: rz-d-8-zmix.
- Camera Preset: The system offers 4 different camera perspectives that can be switched through with the button the steering unit
- Button “Camera Preset” to switch through the 4 camera perspectives

Microphones

- Two microphones are available: one headset and one hand-held. Both microphones are connected to the system.
- Please place the microphones correctly in the base station, so they will be charged and are ready for the next users.

- Please note that only the voices directly captured through the two microphones are properly streamed/recorded.
- Select Microphone/Speaker in Zoom: The devices are called: rz-d-8-zmix

Streaming and recording with zoom

- There is no official lecture recording through the ETH multimedia services available. But you can easily use Zoom to record your sessions
